

Chuck Kennedy, a 1972 graduate of Wattsburg dominated in football, basketball and track earning letters in all three in his junior and senior years. In football, Chuck was the perfect target to throw to, as he ran precise routes and towered over his defenders. If the ball came close to him, you could count on a reception. Chuck's greatest game may have been against Harborcreek High School. Behind, with only a few minutes to play he was called upon several times as the team drove down the field. With one play left and the defense double teaming him, Chuck caught the game winning ball in between two of Harborcreek's best defenders. A picture of that amazing catch was featured in the following day's sports section of the Erie Times News. Chuck's size made him a standout in basketball as well. He was one of the few big men in Erie County who could consistently make shots from the corner. In track and field, Chuck ran the low hurdles and high jump. Born and raised in Wattsburg, Chuck remains a resident of the little town and has successfully coached girls basketball at Seneca.
