

Don Evan was an athlete you enjoyed watching. His ability to take over a game just at the right time made him one of the best athletes to every play at Wattsburg. Don graduated in 1970 and had earned letters in three sports. He excelled as starting quarterback 2 years, lit up the boards as forward in basketball and starred at 3<sup>rd</sup> base in baseball and in his junior year, was ranked 7<sup>th</sup> in Erie County with a .357 batting average. He went on to play semi-pro ball for the Erie Jets as well as flag football for almost 20 years. Don coached softball and basketball for 10 years and watched both of his daughters excel in sports for Seneca. On a slightly different note, Don was a champion snowmobile racer, as his family owned the Snow Jet franchise, part of their hardware store on Rt. 8. Don's famous white shoes, while playing football gave him that perfect mental edge over his competition, letting them know that he wasn't just your everyday great player.
