

Tom Yost, the name synonymous for Bobcat long distance running, was a 1973 graduate of Wattsburg. As number 1 runner and team captain for the Bobcats, Tom's talents in cross country and track and field made him a county threat for anyone participating in those grueling long-distance events. Tom also found much success in Wattsburg basketball. Not only was he a sure shot from almost anywhere, his height gave him a distinct advantage under the boards as well. Tom grew up and still lives in Wattsburg and continues to follow Bobcat Sports as his skills have been passed down to his grandson who also is a track star for Seneca.
