

Vern Mueller, a 1975 graduate of Seneca was the first Bobcat athlete to compete in All-Star games in three different sports. Vern participated in football, basketball, and baseball for 4 years at Seneca. In football Vern was a deep threat as an offensive end and defensive end on the other side of the ball. Vern's height gave him a distinct advantage as a center in basketball, especially under the basket. He rounded out the school year switching back and forth between pitcher and first base for Bobcat baseball. Vern earned a scholarship to Edinboro University playing defensive end and earned his degree in Accounting and Economics. After college Vern went to work at Erie General Electric, spending his first 15 years as a Systems Analyst, then made the big change to a Process Improvement Engineer. In that position Vern was able to travel all over the world for G.E. Vern married Seneca Grad, Sherrie Buetikofer and live in Northwest Georgia. He and Sherrie enjoy their retirement with their three daughters and six grandchildren.
