

From great player to great coach is how Seneca graduate Angie Robinson Pound has been described. A graduate of the class of 1985, Angie's contribution to Seneca girls sports was key to the program's success, for several years. She lettered in volleyball, basketball and track every year in senior high. In volleyball she was called on to play the position of the team's "hitter". In basketball Angie dominated the forward position and in the spring, excelled as a sprinter and hurdler for the Lady Cats track team. During the time Angie played for the Lady Bobcats, she played a key role in the volleyball team's 4 straight Erie County League championships. Their overall record for those 4 years was an amazing 67 wins with only 4 losses. After graduation Angie attended Mercyhurst University and continued to share her winning ways with 8 years as coach of the Seneca girls volleyball team from 1989-1997. She racked up a total record of 117 wins and 27 losses with an undefeated 1995-96 season. Angie and her family now reside on the west coast of Florida where they enjoy playing volleyball all year, outdoors.
