

Danny Combs, a 1968 graduate of Wattsburg carried on the family tradition of athletic excellence. Lettering in 3 sports, football, basketball and baseball, Danny excelled in each as he was named to the Erie County All-Star Basketball team and received many accolades in the other sports as well. In football and baseball Danny was a go to guy whenever the team needed that big play. Danny has always enjoyed the great outdoors around Wattsburg, especially in the winter as an avid snowmobile enthusiast. You couldn't go anywhere in the Wattsburg area on a good snow-day and not see Danny leading the pack on his sled. After graduation, Danny worked his way up the proverbial ladder with the phone company and retired from Verizon Communications. He and his family still live in the Wattsburg area.
